NOR'SEA MARINE
23456 South Pointe Dr.
Laguna Hills Ca. 92653
(714) 855-8344

Dear Nor'Sea friend

Thank you for your interest in our fine cruising yachts. Enclosed you will find the information you requested.

The limited production, hand crafted quality is apparent at first glance.

Nor'Seas have sailed all over the WORLD and have proven the lyle Hess design to be FAST, SEAWORTHY and COMFORTABLE.

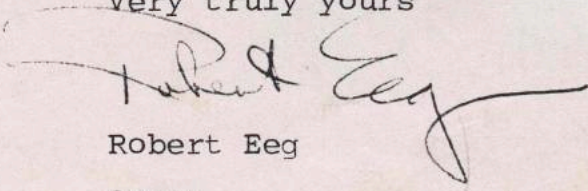

NOR'SEA MARINE has set the building standards for the marine industry. We cordially invite you to visit the factory and inspect our rigorous standards of construction.

The NOR'SEA 27 was designed as a trailerable 'Heavy weather long distance cruiser', that many people live on board full time.

This feature opens up unlimited cruising grounds. One might cruise the Bahama's in winter and move to Puget sound in summer. IT'S GREAT!

If you find that any of your questions have been unanswered in the study packet, please feel free to CALL or make an appointment for a factory visit.

Very truly yours

Robert Eeg
